Description

A Lovely WMF Art Nouveau Silver Plated Chamberstick Candlestick designed to be carried by hand and used at the bedside or around the home. The piece is formed as a naturalistic leaf, with softly ruffled edges and flowing relief that reflects early 20th century Jugendstil taste. A substantial loop handle is integrated at the side, giving a secure grip and balancing the weight when moved while lit. The central candle socket rises from a sculptural base with petal-like modelling, creating a strong decorative focal point. Marked WMF on the handle – circa 1900. * Set on a bedside table or sideboard, it becomes a small piece of atmosphere even before the candle is lit. Measurements: Height: 2 1/2" (approx. 6.5cm) Diameter: 4 1/2" (approx. 12cm) Total weight: 299g In good condition – The silver plate shows only light surface wear consistent with age and gentle use.
