Description

A pair of novelty miniature silver figures on square bases, perhaps made for a Dolls House. They are traditionally dressed figures, one with a bucket and the other with a basket on her back. They are good quality and well made. There are initials on both bases but they are not fully hallmarked and have been tested as .800 grade silver so are likely continental. They weigh approximately 41g. They are in good condition. There are no major damages and they display well. There are some faint surface marks and minor signs of age and use but nothing detrimental. They have been gently cleaned and polished and are ready for use. Approximate Measurements : Height : 1" / 2.5cm Base : 1 1/4" / 3cm x 1" / 2.5cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
