**Date of manufacture: 1920**

## Description

1920s Horos pocket watch and chain. The watch has a Swiss stem-winding movement which is working nicely. The movement is signed Horos, a brand name registered at least three times by different German companies. The watch measures 52mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition with just minor surface marks, nothing too serious at all. The glass lens has light marking but again, not too serious. The dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute markers. The watch comes with a single chain, 34cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
