Depth = 51 cm (20.1")

Description

This Revolving Height Adjustable Beech Office Desk Chair with its curved back and generous back rest, combines to make it a wonderfully comfortable chair to use. The Beech timber is a very pleasing mellow warm tone, which works so well with the antiqued red leather seat, edged with decorative nails. Fully adjustable for height to make sure you get the correct working posture; many an hour can be spent productively sitting in this chair whilst revolving to your heart's content. The base sits on brass castors. There is a small amount of wear to the mechanism to be expected of a chair of this age, but everything is in good working order. All our prices include free delivery to Mainland England & Wales. Circa 1930s. Stock No 1537. Dimensions: Width 22in/56cm, Depth 20in/51cm, Height 32in/81cm - 34in/86cm, Seat Height 19in/48cm - 21in/53cm.

Internal Ref: 1537
