Dimensions

Height = 29 cm (11.4")

Width = 43 cm (16.9")

Depth = 28 cm (11.0")

Description

A good quality Victorian copper coal scuttle. It is a traditional helmet shape with a swing handle, a large shaped lip and a handle on the rear. It is very well made from heavy gauge copper with a rolled rim, riveted detail on the handles and a round foot. It is in good original condition with a lovely patina. There are some minor dinks and dents and signs of age and use and a small split on the hood but no holes or major damages and it displays well. It has been lightly cleaned and polished and is ready for use. Approximate Measurements: Height to Lip : 11 1/2" / 29cm Length : 17" / 43cm Width : 11" / 28cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
