Description

A lovely oak desk calendar dating from the early 20th century. The perpetual calendar is housed in an oak case with knobs either side to change the day, date and month. It's in good condition for its age with a lovely patina. The knobs turn the numbers smoothly and the cloth rolls are clean and tidy. There are some minor signs of age and use to the case, a few small marks and knocks and minor splits but nothing detrimental and it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £7
