Description

A good quality three draw pocket telescope dating from the early 20th Century. It is a powerful leather clad telescope with lacquered brass tubes and the leather has a crocodile style pattern. It also has an extending sun shade. The telescope is in good condition for its age. It is fully functional with undamaged lenses. The lenses are generally clean and they produce a clear and crisp image. The brass tubes have a few small dents and dinks but nothing detrimental. Approximate Measurements : Length extended : 17 1/4" / 44cm Length closed : 6" / 15cm Front Diameter : 1 1/2" / 4cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
