Description

Known as a 'Nim', which means 'half' in Farsi for their small sizes, this Bokhara Suzani is a beautiful example. Rich red flowers through the field on a stream of delicate green and gold stems. The two different reds play with your eyes, one is an orange red, the other a blue-red and the contrast between them is a wonderful effect. A beautiful embroidered garden, in excellent condition, in a size that would display very well. 3'6" x 4'7"
