Item Reference: SA1223640

Date of manufacture: 1900

Description

Antique silver pocket watch, c1900. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner cover which has details of the movement. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are Continental .800 silver hallmarks inside both of the case backs. The case has a rose gold wash around the edges of the bezel and case back. It is all in good condition, just one minor indentation to the edge of the back, not too detrimental all. The glass lens has minor marking but is very acceptable. The dial is in lovely condition. Pin set blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
