Description

Make a bold statement with this distinctive vintage 9ct yellow gold ring, crafted in an eye catching Brutalist inspired design. Hallmarked in Edinburgh in 1990 and bearing the maker's mark of Charles Lucas & Sons (CL&S), this unusual piece showcases an abstract openwork arrangement set with four marquise-cut gemstones. The textured gold design is accented with a rich emerald, sapphire, amethyst and garnet, creating a striking contrast of colour against the warm yellow gold. Its sculptural, organic styling makes it a wonderful example of late 20th-century British jewellery with a retro aesthetic. Whether worn as a statement ring or added to a vintage jewellery collection, this is a unique and conversation starting piece. We have cleaned and polished this ring in our workshop. It is in excellent condition, ready to be once again loved and cherished.
