Description

This is a remarkable Museum quality unrestored and unworn example of the oversize solid 9ct gold Trebex from 1954. The only work we have carried out is to service the movement and give the case a light polish with a soft cloth. The solid 9ct gold case is 35mm in diameter excluding the original crown, an oversize gents. The case edges are sharp and crisp; the watch looks like it was kept hidden away in a drawer and never worn. The movement is the high grade 17 Jewel ETA 1120 manual winding. It has been freshly serviced and is currently running at plus 5 seconds per day, not bad for a 70-year-old watch. The dial is totally original and perfect; it has had no restoration whatsoever. The hands are matching gold and original. The hallmarks indicate that this watch was made in 1953 and sold a little later in 1954. It's the most original and perfect unrestored and complete example you will ever see. It comes with its original rolled gold Montal buckle and its original 154 strap that has never been worn, all of the holes are still perfectly round. It's in perfect condition showing no signs of wear with original spring bars. The original box is in perfect condition. It com...
