Description

Gents Smiths Imperial wrist watch, c1960. The watch has a 19-jewel hand-winding movement, calibre 0104, which is working nicely. The watch measures 34.5mm diameter excluding the winding crown and the lugs. The case is gold plated while the case back is stainless steel, and it is all in lovely condition. The lens is in lovely condition. The signed dial is in its original finish with original hands and centre seconds hand with red detailing. There is faint freckling across the dial but not too visible to the naked eye. A new leather strap has been fitted. The watch comes in a new presentation box.
