Description

Pair of Georgian Brass Tall Candlesticks with Side Ejectors – 43cm Antique Ecclesiastical Brass Candlesticks – Original Georgian Period Pair of Fine Georgian Brass Tall Candlesticks with Side Ejectors An exceptional pair of authentic Georgian brass tall candlesticks featuring the desirable original side ejector mechanism. Standing an impressive 43cm (17 inches) high, these elegant antique brass candlesticks display superb proportions, a rich deep patinated colour, and excellent original definition, making them a highly decorative and practical addition to any period interior or antique collection. These substantial Georgian candlesticks were possibly made for ecclesiastical or church use, although equally suited to a country house, Georgian, Regency, or traditional interior. The original telescopic side ejectors operate smoothly, allowing spent candles to be removed with ease while remaining securely in position when raised. Unlike many examples that have been heavily polished over the years, this pair retains an attractive untouched patina with crisp detailing throughout. Minor wear to the moulded base decoration is entirely consistent with careful polishing and over 200...
