Description

An Early 20th C. Pine Bakery Table No.12. Having a large 2 door cupboard to one side with iron hinges and a good working lock with key. It has 2 deep shelves providing ample storage for kitchen equipment etc. and a nice chunky top. This charming piece of furniture would make a great centre island for a smaller kitchen or it could be placed against a wall in any room of your home. It originally came from a large industrial bakery and the No. 12 painted on one of the cupboard doors is original to the piece, so it would have been one of many prep tables in the bakery at the time.
