Item Reference: SA1224290

Date of manufacture: 1890

Description

I really like the unusual light blue border, with the large, long tailed 'Boteh'. The colour goes so well with the deep crimson red of the field. A late 19th century Caucasian rug, showing wear and patched along one side but still a great looker and suitable for the floor. Priced according to condition but not beauty! 5'4" x 9'7"
