Description

A beautiful copper mirror dating from the early 20th Century. It has an Arts and Crafts style copper frame with the angular brass corner pieces giving it a slight Art Deco influence. It has its original glass and sturdy wooden back. It is in good original condition with no major damages. There is some tarnishing around the frame and some small dinks and surface marks but nothing detrimental. There are a couple of minor age spots on the glass but it displays well. It has been lightly cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
