Description

Mid 16th Century, Rare and Important, Carved Oak Chalice (Italian). A robust carved oak chalice, including four Apostles - James, John, Peter, and Paul, with floral garlands, supporting the bowl and decorative gadrooning on the base, symbolising abundance and vitality; appropriate to its ritual function. **CONDITION:** For a relic that is over 500-years old, its wear is commensurate with its age, and the fact it has survived this long and remained in its current condition is close to a miracle. Superb patina. **PROVENANCE:** From the Private Collection of a Catholic Priest in Barcelona, Spain. **WEBSITE:** For more information or more detailed images, please, visit our website: <https://www.WhiteSpaceAntiques.com>
