Description

For your consideration is this very attractive Art Deco table/ desk clock. The movement we believe is of a German manufacturer origin because the chapter ring is marked "Foreign", which was commonly used between the two world wars when Germany wasn't too popular. It keeps very good time having been professionally serviced by a fully qualified horologist. The base is a mottled bakelite in excellent condition, free from chips and scratches. A green felt has been attached to the base to protect delicate surfaces. This is a lovely example of a modernist Art Deco table clock and would complement most modern and vintage homes. A fine decorative object and functional timepiece, an Art Deco clock that is ideal for collectors, interior decorators, or anyone seeking a refined piece of 1930s design history.
