Good Large William IV Overmantel Mirror

Price

GBP 2,150

| USD \$2,904 | EUR 2,516

Item Reference: SA1224794

Date of manufacture: 1800

Description

This is a fabulous William IV period Overmantel mirror with a most imposing design in good original condition with its original gilt finish. The impressive Overmantel has a wonderful eagle crest and really nice features like the delicate spiral twist columns with star centred blocks and scroll leaf detail as well as applied gilded balls to the arched curve. The gilding is all the original gilt finish which has a nice antique patina and the mirror glass is the original bevelled plate in good useable condition and some characterful ageing. This is a fine size, most imposing in any room, measuring 125 cms high 151 cms wide and 28 cms in depth at the top. UK delivery can be arranged with our trusted furniture courier and costs £75 plus vat to most destinations.
