1930s Craftsman pocket watch

Price

GBP 175

| USD \$236 | EUR 205

Item Reference: SA1225247

Date of manufacture: 1930

Description

1930s Craftsman pocket watch. The watch has a good quality Swiss Cyma stem-winding movement (calibre 999 with seven jewels, two adjustments) which is working nicely. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated and it is in lovely condition. The glass lens is in good condition, just one short 4mm light surface scratch. The dial is signed Craftsman, a brand name registered by at least five watch companies, one of which would have bought the movements in from Cyma for watches to be sold under the Craftsman name. The dial has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
