Item Reference: SA1225650**Date of manufacture: 1920**

Description

What a particularly attractive hall console table in solid English oak C1920 likely the best so far this year on the looks front and great quality. We have a well sized piece with a decorative high back gallery, lovely carved front legs and 2 deep well sized drawers with oversized solid brass swan neck handles. Collectively they work wonderfully well. Condition is good with a pleasing grain to the oak, we have age wear to the top and gallery, otherwise expect a well cared for piece in great order with drawers running smoothly and the table sitting firm. The table is ready for placing. A delightful hall console table, English C1920. Dimensions Overall: Height 82cm & 108 to Gallery Top x Width 107cm x Depth 42.5cm Drawer Inners: Height 9.5cm x Width 40.5cm x Depth 33.5cm
