Description

Danish School, 19th Century A charming late 19th-century Scandinavian composition depicting a solitary woman making her way towards a garden gate. Paintings of this kind invite the viewer's imagination, prompting the question of what lies beyond the gate. The figure, seen from behind, enhances the sense of mystery, while the restrained, muted palette lends the scene a quiet atmosphere of calm and contemplation. Dating from the late 19th century, the painting bears an indistinct monogram and a pencil inscription verso. Condition Presented in a period Montparnasse frame and in excellent original condition. Size 32 × 44 cm (44 × 57 cm framed) 12.5 × 17.5 inches (17 × 23 inches framed)
