Description

Good example of an early 19th Century Sovereign Scale, to weigh both full and 1/2 sovereigns. The scales are made of brass and fully stamped 'Sovereign Warranted' with a Crown. They are in good condition for their age. The brass has tarnished over time and there are some signs of age and use but no major damages and they display well. Approximate Measurements: Length : 4" (10cm) Height : 1/2" (1.5cm) The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
