Description

A Nice Pair of Antique Dutch Brass Adjustable Four Light Candelabra. Each candelabrum features an adjustable arm arrangement, allowing the candle branch to be set in slightly different positions for display. The arms are formed with elegant curves and sit around a tall central stem carrying handle topped with a turned finial. Round drip pans beneath each socket provide a practical surface for catching wax and protecting furniture. The bases are finished with three splayed feet, each ending in a stylised paw detail that adds stability and character. * Dutch brass has a particular warmth that looks at home beside linen, wood, and polished silver. Measurements: Height (to highest point): 15" (approx. 38cm) Width: 10" (approx. 25cm) Total weight: 2310g In good condition – The pair shows only light surface wear and light marks consistent with age and normal use.
