Description

A Really Fabulous Antique Edwardian Silver Plated Tankard with a distinctive cast owl-form handle and a pedestal foot. The body is decorated with fine engraved scrollwork and foliate motifs, giving it an ornate, traditional appearance. A shaped cartouche panel is reserved on one side for a monogram or presentation inscription, and it is currently unengraved. The handle is a strong decorative feature, with the owl rendered in relief and integrated into the scroll-form grip – circa 1905. * This is the sort of piece that feels as much like a conversation object as a functional vessel. Measurements: Height: 6" (approx. 15cm) Diameter: 3 3/4" (approx. 9.5cm) Total weight: 500g In good condition – The piece shows only light surface wear consistent with age and gentle handling.
