Description

This is a particularly unusual Georgian hall bench. When I first saw it I was convinced it was Arts & Crafts but when I looked closer it all looks to be much earlier which makes the inlaid decoration of the tulips very unusual. The whole bench is made from oak and has mahogany inlaid tulip decorations and back panels. The contrast colours makes this whole bench high decorative. The quality is very high and condition is excellent as well. The seat is later upholstered in a brown faux leather and we can recover if you prefer.
