Antique Cyma full hunter pocket watch

Price

GBP 195

| USD \$263 | EUR 228

Item Reference: SA1226275

Date of manufacture: 1920

Description

Antique Cyma full hunter pocket watch. The watch has a Swiss stem-winding movement, identified as by Cyma, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and loop. The case is the gold plated Star model from the Dennison Watch Case Company, an English case manufacturer. Swiss movements were often housed in English made cases in an effort to avoid expensive import duty on precious metal. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The dial has blued steel hands, a subsidiary seconds dial and outer minute track. There is a hairline running between 11 and 2 but fairly faint. The watch comes in a new presentation box.
