Description

Antique 20th century chest of drawers in burr walnut, very well made and of good quality. Featuring seven drawers in total, arranged as two small drawers over five larger drawers, all decreasing in size, providing an excellent amount of practical storage. The chest retains all of its original brass handles and fittings, adding to its authentic period charm. Standing on elegant cabriole legs with beautifully carved knees, this attractive piece showcases fine craftsmanship and classic design. Its tall, narrow proportions make it an ideal choice where generous storage is required while occupying minimal floor space. Boasting gorgeous burr walnut grain and rich colour throughout, with particularly striking figuring to the drawer fronts and top, this is a highly desirable and unique example. Presented in good condition, displaying beautiful grain, colour and outstanding craftsmanship throughout, this charming burr walnut chest of drawers would make a wonderful addition to any home.
