Description

Mid-20th Century French wrought iron and brass set of six dining chairs, crafted with exceptional artistry. This elegant suite, comprising four side chairs and two carver armchairs, is exceptionally well-suited for a formal dining room, sunlit orangery, or sophisticated garden room. The chairs feature intricately shaped backrests adorned with detailed hand-crafted brass scallop shells. This crisp, elegant detailing frames the structured iron frames, which retain their original, separate padded seat cushions that are neatly placed onto the seats. The fabric on the cushions shows a few light marks from age. It presents beautifully as a showroom suite, showcasing the pinnacle of mid-20th-century French metalwork and classic European design.
