Description

This delicately designed antique gilt bronze centrepiece features a crystal dish on the top supported on a highly ornate gilt base with a centre hand painted porcelain globe with three scenes. The tri-foot curled base also features a cherub resting on each one. The three paintings depict floral arrangements and a reclining cherub. There is a slight bit of gilt missing on the scrolls surrounding 2 of the scenes, however, this does not in any way detract from the beauty and design of the piece. They are pictured in 2 of the images. This lovely centrepiece would make a wonderful and quite attractive addition to a wide range of rooms and settings, both traditional and contemporary.
