Price

Sold**Item Reference: SA1226483****Date of manufacture: 1900**

Dimensions

Height = 36 cm (14.2")

Width = 66 cm (26.0")

Description

Good example of a large antique copper tub dating from the late 19th / early 20th Century. Most likely originally used as an industrial boiler or wash tub, it is the perfect size for a log bin or planter. Excellent quality with applied riveted handles and a wonderful verdigris patina. It is in good original condition and there are no damages, splits or holes. There are some minor dinks and dents and some surface marks and knocks but nothing untoward. It has been very lightly cleaned to preserve its fabulous patina and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
