Item Reference: SA1226485

Date of manufacture: 1920

Dimensions

Height = 36 cm (14.2")

Width = 61 cm (24.0")

Description

Good example of a large antique copper tub dating from the early 20th Century. Most likely originally used as an industrial boiler or wash tub, it is the perfect size for a log bin or planter. The rim is stamped '80'. Excellent quality with two square handles and a wonderful patina. It is in good original condition and there are no damages, splits or holes. There are some minor dinks and dents and some surface marks and knocks but nothing untoward. It has been very lightly cleaned to preserve its fabulous patina and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
