Swiss silver half hunter fob watch and chain

Price

Sold**Item Reference: SA1226514****Date of manufacture: 1900**

Description

Swiss silver half hunter fob watch and chain. The watch has a Swiss stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 36mm diameter excluding the winding stem and the loop. The case is 935 silver, so slightly purer than sterling, and there are Continental marks inside all three covers. The case is in good condition, a couple of small indentations to the chapter ring, and some pin prick sized marks to the back. The winding crown pushes in to open the front cover. Inside, there is an acrylic lens which is in good condition. The dial is in lovely condition too. Pin-set hands. The watch comes with a single chain, 21.5cm long including the T-bar and the clasp. The chain is hallmarked for 1889 with a maker's mark for the Birmingham silversmith Edwin Page. The watch and chain come in a new presentation box.
