Description

A superb antique Victorian leather and mahogany Library desk chair. This was made in England, it dates from the 1870-1890 period. It is of fantastic quality, it is extremely well made and very comfortable. The mahogany frame has beautifully turned front baluster legs with carved florets at the knees, with lovely scrolled carving on the front of the arms. The leather is absolutely beautiful, it may or may not be original but it definitely has quite a bit of age to it. We have had the frame re-polished, the leather has been revived and hand coloured by our leather restorer. The condition is superb for its age, with a gorgeous overall patina. Width – 24.5 inches, 62 cm Depth – 26 inches, 66 cm Height – 36 inches, 92 cm Seat height – 20 inches, 51 cm
