Item Reference: SA1227106**Date of manufacture: 1910**

Description

Superb Scottish Provincial silver plated cutlery. They are marked R Drummond Oban. I would date them to c1910-1920. They have beautiful Oban Green Marble handles and Celtic engraved designs. They are in superb condition being free from dings splits and repairs, no wear. The longest piece measures 7.5 inches (19cm) long and have a combined weight of 90 grams. A very nice quality set.

Internal Ref: 14747
