Item Reference: SA1227302**Date of manufacture: 1910**

Description

Antique Brass Carriage Clock with Travel Case, c.1910 – Swiss Movement A good early 20th century brass carriage clock, dating to around 1910, with a Swiss-made movement. The case is of typical form with bevelled glass panels to all sides and a shaped carrying handle above. The white enamel dial has Roman numerals and blued steel hands, and there is a bevelled glass viewing panel to the top showing the escapement in motion. The movement is stamped Made in Switzerland and is currently in working order. The brass case has a naturally aged finish with some marks and signs of use. The original velvet- and silk-lined travel case is present, showing wear and fading as expected, but structurally sound. A period winding key is included. Dimensions: Height (with handle raised): 14.5 cm Width: 8 cm Depth: 6 cm
