Description

A beautifully restored Victorian armchair crafted in rich mahogany, showcasing the elegant curves and carved detailing typical of the period. The frame has a lovely depth of colour and a gentle sheen, highlighting the quality of the timber and the craftsmanship of the era. The chair has been newly upholstered in a vibrant botanical tapestry fabric, featuring birds, flowers and foliage in soft greens, pinks and blues. The fresh upholstery brings a lively, decorative charm to the piece while complementing the warmth of the mahogany. Deep buttoning to the backrest adds texture and a classic Victorian flourish and the cabriole legs complete the silhouette with grace. Comfortable, characterful and full of visual interest, this armchair works beautifully as an accent piece in a sitting room, bedroom or hallway. It's ideal for period interiors, eclectic homes, or anyone looking for a statement chair with both heritage and freshness. A lovely example of Victorian design, newly revived. Delivery can be arranged throughout the UK.
