Description

Antique 20th century long side table in oak, a beautifully crafted piece of furniture, very well made and of good quality. With its elegant proportions and unusually long, narrow design, it offers a distinctive look while remaining highly practical for a variety of settings. Raised on sturdy square legs united by a strong supporting stretcher, the table has a solid, well-balanced construction that reflects the quality of its craftsmanship. Its slim profile makes it particularly well suited for use behind a sofa, in a hallway, or as a console or display table where space is at a premium. The oak displays a rich, warm colour with attractive natural grain throughout, giving the table plenty of character and charm. Its understated design allows the beauty of the timber to take centre stage, while the uncommon proportions make it a particularly desirable and versatile example. Presented in good condition, this handsome oak side table combines traditional craftsmanship with timeless appeal. A highly desirable piece, it would make a stylish and practical addition to any home. Product Reference : AF - 6111 Measurements : 182.5cm Width x 54cm Depth x 73.5cm Height [59cm Knee H...
