Description

K0663 This exceptional mid-century oak hall stand balances high-capacity utility with a clean, structural aesthetic. Designed with an architectural frame, the piece features four square uprights terminating in stylized, geometric top ends. The upper section is fitted with eight double coat and hat hooks providing comprehensive hanging space. The vertical supports are united by built-in umbrella rails and terminate seamlessly to a robust square base. The bottom framework houses its removable metal drip tray, offering practical floor protection. Exhibiting a beautifully mellow colour and a soft, authentic patina, the original finish has been cleaned and hand waxed to preserve its historic character. This stylish hall stand came to us from a private home where it has been very well looked after over the years. Condition Details: Minor wear consistent with age and history. Retains original finish which has been cleaned and waxed. The piece stands solid and sturdy; completely free of cracks, breaks, or woodworm. This coat stand would grace any entryway, both traditional and modern. c1950 H184cm W43.5cm D43.5cm H72.5" W17" D17" H6ft 05" W1ft 5" D1ft 5"
