Item Reference: SA1227846

Date of manufacture: 1900

Description

Very Rare Heals Antique St. Ives Oak Cupboard- Stamped A wonderful rare wider version of a Heals antique oak cupboard from the St.Ives range of Heals furniture. Originally this would have had a green stain to the outer which always fades away give the age, it has retained the green to the inside of the cupboard door. All pegged construction, complete with the original iron work and with a working lock and key. Stamped by the maker inside, would have had shelves inside originally, could be fitted with either shelves or a hanging rail to make it into a wardrobe. To the lower part is a drop down storage cupboard. In superb condition throughout, most probably a special order given the greater width, so highly probable that this is one of a kind that dates to 1900. We can have shelves or a hanging rail made to fit the interior, please enquire regarding pricing. Dimensions Height: 191cm (75.79") Width: 144cm (57.14") Depth: 61cm (24.21")
