Description

Antique 1920s Syren pocket watch and chain. The watch has a good quality Swiss 15-jewel stem-winding movement which is working well. The movement is signed Syren, a brand of the Record Watch Co. It is all protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled Moon model made by the Dennison Watch Case Company. The company manufactured cases for various watch makers. The case is in lovely condition. The glass lens has a couple of small marks towards the top but otherwise is in good condition. The white enamel dial is in lovely condition with blued steel hands, a subsidiary seconds dial and outer minute track. The watch comes with a single chain, 23.5cm long including the clasp and the T-bar, which is stamped 18ct gold filled. Also included is a small brush (some of the bristles have worn down), which would have been used to clean a fob seal before sealing a letter with wax. The watch and chain will come in a new presentation box.
