Description

A French Antique Folk Art Shell Decorated Jar or Vase 34cm, C1890-1910. An impressive scale late 19th century, French glazed earthenware jar measuring 33.5cm tall with prolific hand decoration shell design, a popular folk art activity of the period and this being a superb example. The hand applied shell decoration was fixed using a lime mortar mixture which has shrunk and chalked over time, applied over a hand thrown earthenware-glazed pot. A superbly stylish example of excellent quality and scale. Dimensions Height 33.5cm Diameter 24.5cm Presented in mostly excellent, original condition with only a small area of loss around the top edge, see photos. Otherwise structurally excellent. A highly decorative antique jar which is probably best suited as an ideal vase of generous weight apx 8-10kg. Please request more photos and any questions invited. Dispatched U.K. and worldwide within 2-3 working days with tracking.
