Description

A handsome Edwardian golden oak open bookcase, dating from circa 1900, combining classic proportions with practical storage. Crafted in beautifully figured golden oak, the bookcase features a moulded cornice above four fixed shelves, providing generous storage for books, collectables and decorative objects. The plinth base and finely moulded frieze give the piece an understated elegance that allows it to suit both traditional and contemporary interiors. The oak has developed a wonderful warm golden patina over the last century, highlighting the attractive natural grain throughout. Its clean, unfussy design makes it equally suitable for a study, sitting room, home office or library.
