Depth = 3.5 cm (1.4")

Description

A good quality three draw pocket telescope dating from the early to mid 20th Century. It is a powerful leather clad telescope with lacquered brass tubes, an extending sun shade and sliding lens covers. The telescope is in good condition for its age. It is fully functional with undamaged lenses. The lenses are generally clean and they produce a clear and crisp image. The brass tubes have a few small dents and dinks but nothing detrimental and it is a usable piece. Approximate Measurements : Length extended : 20" / 51cm Length closed : 6 1/2" / 17cm Front Diameter : 1" / 3.5cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £7
