Description

Georgian Oak Country Elbow Chairs We Have A Pair 1820s A rather lovely early pair of 19th Century English oak country elbow armchairs in super mellow aged condition. Please note these are a true matching pair from the same country home, likely locally made, be it a long while ago. You have to appreciate, touch and feel the aging on these - the shapely curved arms are wonderfully worn with some admiring grains and patination. The turned legs are similar with gentle knocks and bumps from years of someone sitting in them. We were advised that the seats were re-rushed about 30 years ago and are colouring up a treat. Condition is good - ready for a new owner with past historic marks, the odd aged repair but perfectly sturdy, usable and comfortable. We have carefully dusted over them to ensure they are ready for placing. Price is for the pair. Dimensions Overall: Height 86.5cm x Width 53.5cm x Depth 53.5cm Seats: Height 45cm x Width 44-38cm (Front-Rear Between The Arms) x Depth 45cm
