Description

Cornelius Pearson 1805-1891 and Thomas Francis Wainwright 1797-1883. The two artists often worked together on a painting, the former painting the landscape and the latter painting the cattle. This is a good sized example of the artists work housed in its original frame. I also have in stock a pair of watercolours by the same artists. 'Landscape with Sheep' signed watercolour, dated 1874, image size 36.5x 72 cms, framed size 61x96.5 cms
