Description

A very nice example of a mid 19thc pine "dough" bowl...it has been carved out of one single piece by hand, using an adze and shows the marks on the inside and the outside of the bowl....always pleasing to see these marks of the maker....the bowl has gained a very good natural patina and colour from years of careful use ...in excellent condition with no cracks and is of a very useful size. Scandinavian. C1840-60.
