Description

Iconic circular period 1930s Art Deco display cabinet with three internal glass shelves with lots of storage to display your collection. The original etched glass door panels are cut in the form of a flower head / cloud shape. This cabinet is one of the more unusual shapes being a full circle resting upon a half circular plinth. The light blonde coloring is rare and ideal for mixing with contemporary pieces if so wished. These cabinets are very striking when in situ and ideal for a focal point to any room. Totally authentic, with working keys. Stands at around 51.5 ins tall and base around 49.25 ins wide, the main circular cabinet around 42 ins wide. Condition is excellent having been through our workshops and recently fully restored.
