## Description

Late C18th/early C19th French carved gilt-wood console table with a 'breche d'alep' figured marble top. Bold deeply-carved gilded console table of flamboyant rococo design, the frieze centred with a carved coiled mythical dragon. Supported on carved shaped supports the rear of the frame with a carved upright support. The shaped edge highly-figured 'breche d'alep' marble top having an historic repaired break, barely visible from above. The carved table benefitting from having been skilfully and expensively re-gilded approximately 50 years ago, and having bright surface and patina. The rear lateral rail with holes for fixing and securing to a wall. Structurally sound and strong with no losses or damage. A highly decorative gilded console table of compact scale and proportions with great impact and presence. H 28" W 27" D 17" France c.1800

Internal Ref: ML 268
