Description

A rather good looking wardrobe of smaller scale with a handy top drawer with Art Deco influences English C1930. In its day it would have been placed in a bedroom, possibly by a bachelor, who knows! With its scale and design very much worthy of placing anywhere you so desire. We have such good shapes and accents on this one with a long door opening up to a telescopic chrome hanging rail with a flight of open shelves to the left. This one, unlike others of the era, comes with a useful top drawer. Condition is good with sensible historic wear to the oak veneer and frame, original cast handles are in place. We have ensured it is ready for placing. A good looking and useful piece in oak C1930s.
